

Here is a great opportunity to purchase a UK registered company with a unique trading name with two matching domain names.

I am the owner and sole Director of Hydramatix Ltd. I founded the company with the intention of creating an Internet Magazine (Webzine) for the Hydraulic & Pneumatics Industry in the UK. However, I have now decided to concentrate more on the website of my other companies PVL Ltd www.pvl.co.uk and Unitate Ltd www.unitate.com

In looking for a unique company name, my search showed that there were hundreds of companies already registered in the UK that began with 'hydraulic' and just as many again with 'pneumatic' in the company name. Eventually I discovered that not only was Hydramatix Ltd available but the domain names www.hydramatix.com and www.hydramatix.co.uk were also free for registration. I therefor purchased the two domain names and formed a new company.

Both the registered company 'Hydramatix Ltd' and the two matching domain names 'www.hydramatix.com' and 'www.hydramatix.co.uk' are now being offered for sale.

Hydramatix Ltd was incorporated on the 8th April 1999 - Reg No. 3747781 and has never traded.

This is a unique opportunity to obtain a company name with matching domain names at a time when most other suitable names have already been acquired.

Please feel free to contact me on +44(0)1892 66 44 99 during working hours or email me at 'steve.moorey@pvl.co.uk

To set up a UK registered company, all that is required is a Director and Company Secretary but the company must have a UK registered address.

My accountants Numis Ltd would be pleased to help you in providing a registered address and will take care of the transfer of ownership. Assistance could also be provided in finding suitable premises.

Numis Ltd.

1st Floor, Brook House, Mount Pleasant, Crowborough Tel: 01892 664020; Fax 01892 664120

Please make your offer to: _
