

| Model No. | Thread Size    | Valve Material | Ball Material | Ball Diameter | Plug Material | Pressure    | Water Temp.   | Flow Rate    | Length (Max) |
|-----------|----------------|----------------|---------------|---------------|---------------|-------------|---------------|--------------|--------------|
| AQT15AJ   | 1/2 inch (BSP) | ABS            | ABS           | 80mm          | Nature Rubber | 0.1-1.0 Mpa | -35C to +75 C | 85(P=0.6Mpa) | 30cm         |

**Advantages:**

This model of float valve is specially used as toilet sanitation accessory. It can be installed vertically. Flow rate is quicker than normal brass and stainless float valves, more efficiently supplying water, and solve the problem of high cost using brass and stainless valve. Anti corrosion, rusty-proof, even can be used in sea water. Copyright patents reserved by us
